

How Primary Presidencies should use this Music Packet

The packet is intended as a help to the member of the presidency who is orienting a new music leader. It is also effective as a tool to facilitate discussions with current music leaders.

- Please make a copy for the music leader and keep this master in the Primary Presidency.
- Schedule quiet time to sit down and review the Outline for Sharing Time (OST), this packet, and the most current stake music newsletter and song list with the music leader. DO NOT just hand the music leader copies.
- Include the specific expectations of your Primary President, as she has responsibility for setting the tone in Primary.
- Please send the name, email address, telephone number and address of the new music leader to the Stake Primary secretary, Rychelle Jordan, at rychelle@outlook.com, so that they can receive the monthly Stake Primary newsletter .

Set the expectations of frequent meetings with a member of the presidency.

- Express appreciation
- Point out strengths
- Ask about challenges and discuss what the presidency can do to help
- Coordinate Singing Time with the weekly Sharing Time themes
- Discuss the needs of individual children and their families
- Review points from the newsletter, the auxiliary training, and this music packet
- Counsel together about ideas for the Children's Sacrament Meeting Presentation

Testify of the importance and impact of music in Primary in helping these young children feel the Spirit and learn the doctrine.
