

ADDITIONAL HOME STORAGE INFORMATION

- We do have all the items listed on the order form at the Home Storage Center area of Provident Living.
- The pricing is the same as we get the pricing from SLC.
- We now have #10 cans of dry carrots \$10.25 each with 2.8 lbs or a case of 6 for \$61.50.
- We also now carry a water bottle with a filter for \$14.00 and extra filters for \$6.00 each. These filter up to 200 gallons of water and remove 99.9% of contaminants.
- In mid April we will start to get all of the beans & onions in #10 cans and will no longer have them in bulk once we sell out. Until then we do have them in bulk. We do not have the pricing on these items yet.
- As far as large orders are concerned, it might be good to call ahead. Especially if you are traveling a long distance. If the Wards wanted to place a large order, please call 2 weeks ahead to place the order from when the order is needed. That way we can be sure to have everything here for the Wards. We get a truck from Hermiston, OR usually twice a month.
- The order forms do not reflect some new things we have. (I think) this is because the form will undergo many changes as the bulk items go into #10 cans in March. We should have the new canned items & pricing in mid April.
- We will only carry red & white wheat in bulk from that time forward.
- Packaged items are in #10 cans & Mylar pouches. Both come cased in boxes. Items in pouches are: hot cocoa, non fat dry milk, pancake mix, & potato pearls. These items come in pouches because the shelf life is shorter. Everything else is in #10 cans.
- Bulk items are listed on the price sheet you have from online. They are 25# & 35# bags as noted on that list. Onions & carrots now come in bulk in boxes. FYI: once we get the new items I listed above, we will no longer have them in bulk.
- The yearly food storage amount poster sent give food storage amounts for a single person
