The Power of Temples & Family History

Primary Presidencies:

Please ponder how to prioritize temples and family history in Primary. This will be a topic of discussion at our ward and branch conferences in 2018.

Memory Game Gift Idea

Homemade gifts are the best! Children can create a memory game to give to their family, using pictures of ancestors, cousins, grandparents, aunts & uncles, etc. This could be a simple activity for a Primary lesson, Sharing Time, Cub Scouts, or Activity Days.

Provide colored cardstock, rulers, glue, and crayons for each child. Children cut out one color of cards, and glue two identical pictures of each relative to the back of two cards. If they don't have pictures, they could write the names and finish preparing the game at home. [Click here for an example.](#)

Primary Program Preparation Begins Now:

Start now in January. Review the Outline for Sharing Time guide and start with the end in mind.

Consult with the bishopric member over Primary

Check the Stake Primary Calendar. Set a date in the 4th quarter & let the Stake Primary Presidency know. Avoid 4th Sunday/ward conferences.
